an eye opening history of how white evangelicals came to see america's past as sacred and themselves as its rightful stewards though unknown to scholars of religion today frank wood 1864 1945 was a prominent protestant figure in his day he taught what was said to be the largest bible class in chicago and helped found the city's first neighborhood historical society in this compelling microhistory christopher d cantwell draws upon these features of wood's life to uncover the historic rise and historical origins of the white evangelical nostalgia that haunts the united states today in fact wood's religious life and historical interests

directly reveal how evangelicalism itself is something of an invented tradition a religious movement devised by layfolk like frank wood to defend their white protestant privilege beginning with wood s move to chicago the book situates the origins of the modern evangelical movement in the mass migration of rural white protestants from the country to the city at the turn of the twentieth century the sense of dislocation that accompanied this move made recreating the rhythms of rural social life a major feature of the bible classes that wood and millions of other white protestants joined the sense of cultural displacement that came with city living meanwhile placed an aggrieved sense of nativism and a commitment to protestant nationalism at the center this community s religious faith and political vision out of this culturally meaningful but racially charged sense of nostalgia would emerge what wood and others like him called the old time religion a wooden yet pliable phrase that spoke to the religious commitments and the social anxieties of an emerging community that identified itself as evangelical the historical importance that everyday white evangelicals attributed to their religious history became a stand in for the white christian nationalism that animated their social vision through this surprising and compelling social biography the gospel according to frank wood offers a bottom up examination of american evangelicalism grounding the movement s history in the religious beliefs cultural memories and social anxieties of white american protestants

excerpt from select notes on the international sunday school lessons the international sunday school lesson committee prepared a provisional course for 1920 and sent it out for criticism to sunday school editors and workers in various parts of the world on the basis of the criticisms and suggestions thus sent in the course was revised before its final approval in december 1917 about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
