policing is changing rapidly and radically an increasingly complex array of public private and municipal bodies as well as public police forces are engaged in the provision of regulation and security consequently it is difficult to think of security provision primarily in terms of what the public police do and so the terminology of fragmented or plural policing systems has become well established within criminology and police science plural policing is now a central issue within criminology and police studies throughout the world and there is now a large and growing body of research and theory concerned with its extent nature and governance to date however

this work has been dominated by anglo american perspectives this volume takes a detailed comparative look at the development of plural policing and provides the most up to date work of reference for scholars in this field edited by two of the world s leading authorities on policing and including individual contributions from internationally recognised experts in criminology and police studies this is the first ever volume to focus on plural policing internationally and to draw together empirical evidence on its developments in a formal comparative framework

this study represents the culmination of almost twenty years of personal research on national police institutions the most concentrated effort was devoted to india japan and the united states the results of which are available in other publications preface

public police forces are a regular phenomenon in most jurisdictions around the world yet their highly divergent legal context draws surprisingly little attention bringing together a wide range of police experts from all around the world this book provides an overview of traditional and emerging fields of public policing new material and findings are presented with an international comparative perspective it is a must read for students of policing security and law and professionals in related fields

this book argues that policing should be studied in a truly comparative manner as a way of identifying more accurately the diverse features of police organisations and the trends which affect contemporary policing studying policing comparatively is also a way to develop more sophisticated theories on the relations between police state and society aiming at higher degree of generalization in particular broadening the empirical basis often limited to western countries favours the formulation of more encompassing theories the comparative analysis then is used to refine meso or macro theories on various aspects of policing the book covers the challenges of comparative research in diverse areas of policing studies with innovative tools and approaches to allow for the development of that subfield of policing it is a significant new contribution to policing studies and will be a great resource for academics researchers and advanced students of public policy sociology political science and law the chapters in this book were originally published in *policing and society*

originally published in 1990 *comparative policing issues* was the first introductory text to consider key issues in the policing of modern societies from an international comparative perspective the author begins with a discussion of policing itself and considers how the modern police force has emerged separate sections then focus on france and the netherlands as examples of western european societies canada and hong kong as influenced by the colonial tradition japan as an eastern capitalist society and the ussr china and cuba as contrasting examples of communist police systems these and other countries are then considered in terms of the relationship between the police and the communities they serve critical issues addressed include the following are communist and capitalist systems of policing significantly different

what lessons are to be learnt from japan with its low crime rate how accountable are the police in different societies and to whom to what extent is the character of the police in any society determined by the wider culture and social and political structure of that society how practicable is it to transfer ideas about policing from one society to another the lowering of barriers within the european community and the return of hong kong to china are just two examples of the need for a comparative analysis of policing students of criminology and police studies and police and others working in the criminal justice system will find this book an invaluable resource

this wide ranging text provides an overview of policing across different societies and considers the issues facing the us and british police in a wider international context the book is designed as a coherent introduction to the police

a wonderful resource user friendly and very well written timothy j horohol john jay college a unique approach to studying police forces around the globe how do police forces around the world move toward democratization of their operations and responses analyzing police forces from 12 different countries comparative policing the struggle for democratization assesses the stages of each country based on the author s development of a continuum of democracy scale key features using five basic themes this book uses the following criteria to rank and evaluate where each country falls on the continuum clarifying how policing practices differ history of a democratic form of government level of corruption within governmental organizations and the oversight mechanisms in place scope of and response to civil disobedience organization structures of police departments operational responses to terrorism and organized crime intended audience this unique analysis of policing is an ideal text for undergraduate and graduate courses in comparative criminal justice police studies policing and society and terrorism in departments of criminal justice criminology sociology and government

this book is a systematic and comparative analysis of police systems in the western world looking at their structure and how they tackle contemporary social problems such as economic austerity multi level governance transnational change relations with minorities and transformation of delinquency core content includes comparative histories of the formation of national police systems a discussion of centralised and decentralised police systems international differences in community policing a review of different police strategies in fighting delinquency and reducing urban disorder a comparative analysis of different ways of controlling police misconduct an exploration of different models of plural policing while other books focus on policing in relation to measures effective in decreasing delinquency and augmenting security this book considers the political professional administrative and political economic parameters which frame and shape the course of police reforms it also explores how operational policing is shaped by the cultural and institutional contexts in which it is located it is essential reading for students engaged in international police studies

and comparative criminal justice

offering a fascinating account of the development of women police over the past twenty years this book refers to the author's extended research in india to examine how the indian experience demonstrates a valuable alternative to the anglo american model not only for traditional societies but for women police in the west as well with reference to the establishment in 1992 of all women units in tamil nadu this unique experiment proved highly successful in enhancing the confidence and professionalism of women officers and ensuring the effectiveness and efficiency of the police at a time when policing is being rethought all over the world not only in traditional societies the tamil nadu practice illustrates important lessons for western countries that are finding it increasingly difficult to recruit and retain women officers natarajan's remarkable book is an important and original contribution to the literature on gendered policing which to date has concentrated almost exclusively on the us and british experience

over the past 20 years in many areas of the world a new division of responsibilities has arisen in the management of crime and disorder public security is no longer considered to be the task of the police alone other agencies both public and private have increasingly become involved in preventing and combating nuisance social disorder and crime who patrols the streets is based on an international comparative study on the pluralization of policing in a number of countries canada england wales the netherlands austria and belgium new uniformed officers are to be found in all these countries with names such as surveillance officer community guard warden support officer and municipal patroller that differ as much as their uniforms equipment legal powers social status or relations with the public police for each of these countries an analysis is presented of these new forms of policing in the semi public space what circumstances contributed to it what are the positive and negative consequences of this plural policing the book presents an analysis of the main similarities and differences in plural policing between these jurisdictions a typology is presented of the different forms of non police providers of policing in the public space several models are presented that are relevant for the debate on the future policy and organization of non police policing

this book aims to meet the need for an accessible introductory text on comparative criminal justice examining the ways different countries and jurisdictions deal with the main stages and elements in the criminal justice process from policing through to sentencing examples are taken from all over the world with a particular focus on europe the uk the united states and australasia the main aims of the book are to provide the reader with a comparative perspective on criminal justice and its main components an understanding of the increasing globalization of justice and standards of the administration of justice a knowledge of methodology for comparative

research and analysis an understanding of the most important concepts in criminal justice such as inquisitorial and adversarial trial systems policing styles crime control versus due process retribution versus rehabilitation etc discussion of global trends such as the rise of imprisonment penal populism diversion international policing and international tribunals an insight into what the essential ingredients of doing justice might be this fully updated and expanded new edition of comparative criminal justice takes into account the considerable advances in comparative criminal justice research since the first edition in 2004 each chapter has been thoroughly updated and in addition there is a new chapter on establishing the rate of crime in a comparative context the rate of development in international policing and international development has been such that there is now an individual chapter devoted to each and throughout the book the role of globalization changing both the local and the global in criminal justice arrangements orientations and discourses has now been given the prominence it deserves

women policing across the globe provides a cross cultural comparison of the integration of women in policing across the globe paying special attention to the unique contributions that women make to the field along with the shared challenges and resistance they face individual chapters within the book provide students with a snapshot of the status of women in modern police agencies in the countries of the united states kuwait china the united kingdom australia the united arab emirates and taiwan however shared issues and successes of women police in many more countries worldwide are discussed throughout the entire book this book allows students to explore the different origins of entry specialized roles their experiences of resistance and effects of historical events that have shaped the experiences of modern women police from across the world the authors discuss the new gains women are making despite the obstacles they face and ways they are transforming how policing is done every day and finally this book closes with collective issues and successes faced by women police worldwide

women in policing around the world is a historical legal political and social examination of women in policing the book opens with a comparison of cultural definitions of gender and how this affects women s work in general and policing specifically the book then takes the reader through women in policing in the eastern and western hemispheres featuring several countries within the major regions of the world major commonalities and differences are identified in the areas of recruitment training deployment promotion and violence against women among the key features of this book is a balanced coverage of historical and timely events that led to the current status of women police in their respective countries the book identifies the commonalities that women police experience throughout the world relying on the most current research the book also dedicates coverage of policing violence against women in society as well as within the police organization itself the author includes tables to allow for national comparisons throughout the book as well as current and historical photos this book is intended for researchers and students of police culture and women in policing it does not rely heavily on one country or region thus allowing for an enlightening international comparison
